Your helping Hands Make all the Difference

AACL Johannesburg School Support drive 2026

Small Change (Tin) & Pet Food Collection Drives in Gauteng Schools

The AACL Johannesburg invites all Gauteng schools to participate in this initiative.

This is your opportunity to support animal welfare in an easy and fun way. By collecting small change and/or pet (dog & cat) food, learners can directly improve the lives of abused, neglected, sick, stray and unwanted animals.

To be part of these campaigns, contact the AACL™ JHB

- For colourful collection tins with a slot for small change delivered to your school.
- To arrange a pet food collection drive in your school.

Your kind support is always welcome and much appreciated.

Please note:

- Each collection tin is numbered so that it can be allocated to a specific school/class/learner.
- Collection tins remain the property of the AACL JHB and are without exception, issued, delivered, collected, opened, and counted by the AACL JHB.
- For security reasons, full collection tins must be collected asap by the AACL JHB.
- Should a school/class/learner want more than one collection tin, the full tin must be returned first, before another tin can be issued.
- By latest 30 September 2026, all outstanding collection tins (even half-full/empty) must be returned.
- Control, record-keeping, and safe keeping of collection tins are essential.
- Lost collection tins will have to be acknowledged by the school in writing for auditing purposes.
- Pls. keep in mind the cost to the AACL is approx. R10 per collection tin.
Lost and empty tins are wasteful.

For any more questions or information and to order your school's collection tins, please contact the AACL JHB Education Officer, Johann Steenkamp on 0114350672 / Email: educate@aacl-jhbnb.co.za
